

KK Mini Glass Crusher

KK Mini Glass crusher is an under the counter bottle crusher. It can reduce bottle volume by up to 80% and the output cullet can be reprocessed back into bottles. It's the ideal solution for pubs, restaurants and hotels.

- Reduces weekly waste collection costs
- Reduces bottle volume by 5:1
- 90 Bottles per bin
- Allows staff to concentrate on providing excellent customer service instead of moving bottle bins throughout the bar
- Low noise operation and is energy efficient
- Reduces your carbon footprint
- Mobile for ease of movement
- All of the glass can be recycled and reprocessed back into bottles.
